Dear

As we are committed firmly to the ambitions of our Mother Foundress - Bl. Anne Marie Javouhey "*I am happy to be where there is suffering to be alleviated*". We, the sisters of St. Joseph of Cluny till date, offer our humanitarian services through education, mentally challenged, orphanages, old age home, destitute, Social work, hostel for young girls, Health care, Medical assistances to the needy and deserving.

We were called to Goa in 1962 to take over the house to provide medical service to the people of Verna as there was no medical facility in and around the village.

As the Hospital is an old house, it needs constant repairs and maintenance, which becomes more and more difficult as years goes by and becomes quiet costly too, which we find very difficult to manage. Due to heavy monsoon, damages are a lot and were unable to provide good quality care to the needy. Beside our local people, we care for the migrants as well. Patients rush here any time with their injuries, for suturing their wounds and also with their aches and pains. With the help of our two dedicated Doctors, we are able to render our service round the clock.

Thus the need arose for a new hospital. Trusting the providence of God and the cheerful givers, we launched this project which awaits for your generous contribution. We have commenced construction of a 60-bed hospital on a land which is owned by us, and in a prominent location which is easily accessible. The total estimated cost of construction is Rs. 10 crores, with thrust on areas such as OPD, pathology lab, medical investigations, maternity, and surgery. We also plan to have a trauma care unit and a well-stocked pharmacy.

While we have budgeted from our own resources to meet a major part of the construction cost, we approach our benefactors with a humble request, that your contribution will go a long way in fulfilling our dream. Any contribution you are able to make is greatly appreciated.

Contribution may be made as mentioned in the details below. **Please provide your PAN number and address via email (clunyverna@gmail.com) when you make a donation.**

We eagerly await your positive response. May God bless you.

Thanking you.

Your sincerely,

Sr. Ancy Joseph

Superior,

Dr. Roque Ferreira Memorial Hospital, Verna

Proposed Hospital
